

Congratulations on becoming a LEVELD Ambassador!

What is a LEVELD Ambassador?

Our main goal at LEVELD is to create a community—a community that provides our renters with all the tools they need to successfully complete that dream DIY or get that perfect yard they've always imagined. So how can you help us achieve this? We need you to share the good news of LEVELD in all its glory. Tell your friends and family, share information on social media, and help us show people why they should get LEVELD!

What do we expect from you now that you are a LEVELD Brand Ambassador?

1. Post two times a week on your personal Facebook and Instagram promoting LEVELD!

Put the FREE SWAG found in this box to good use! Post twice a week on your personal social media accounts to build brand awareness for LEVELD. Make sure to tag @GetLeveld and use the hashtags #GetLeveld and #LeveldAmbassador.

2. List your personal tools ASAP!

It's important to grow the product inventory in your area. Listing at least three tools of your own on the app to build up the inventory in your community. It also gives you the opportunity to make some extra cash. Win-win!

3. Keep us in the loop with your local community events!

Know of the perfect event to promote LEVELD? Let us know! Drop us a note on the LEVELD Brand Ambassador Facebook page or email us the event details. We'll be sure to send some marketing materials for you to properly represent and share LEVELD. Spreading the word about our app in your community is important, and we want to make sure you have all the things needed in order to successfully rep our brand.

4. Engage and repost LEVELD content!

If you haven't already, follow @getleveld on Pinterest, Instagram and Facebook. Every time you see a LEVELD post, please engage with us (comment and share) and tag friends into the conversation! We want you to be a voice for our brand, and what better way for us to hear you than actively engaging with us.

5. Expand the LEVELD community and get rewarded

Being a LEVELD Ambassador has its perks...and points! Friends equal points with our Rewards Program. Each time you refer someone to download the app and list a tool, you earn one point. And for every 30 points, we'll send a special surprise in the mail. How do you feel about free gift cards to some of your favorite hardware stores or exclusive swag? Keep track of the names and emails of each person you refer to LEVELD. To claim your points, simply email the list of 30 users to developer.getleveld@gmail.com

Welcome to our little start-up family!
